Dear Teachers,

We lucked out with the weather once again. No plastic tarps needed this year! It was a beautiful sunny fall day for the show. Our Children's Division show was it's usual fabulous display of art. The public truly enjoys it.

I have enclosed a list of winners for the 2011 show. I hope all the kids - with or without a "place" ribbon, feel like a winner. I know you make that "good feeling" happen for all the entries.

I hope the families will all enjoy seeing their child's art at the Hyde Park Library. As you prepare yourselves for trick or treat day, please remember the art needs to be picked up. You can arrange for the parents to pick it up, or just to be sure it is done perhaps you will do it yourself. The library is especially kind to me with the show preparations, allowing me to use their conference room for the Friday pick up and storage till Sunday. Not to forget that someone needs to meet me at 7am on Sunday to let me in, and ends up helping to transport the art to the square. So I really think we need to be appreciative of their willingness to support us.

I will make sure you have your art show packet in time for schools opening in August. The art that is entered from our upper schools is never a disappointment. However that said, I would appreciate any help or ideas you all might have for me to get other local high schools to want to participate.

As always, I am here to support you in this project. Please contact me at any time if need be. I hope you all have a fabulous creative (easy) school year. Do your thing! It is impressive!

Sincerely, Carol Hirst
